

SAMPLE · END-OF-MONTH REPORT

EXAMPLE HOME SERVICES

Your website, last month

Illustrative figures for a made-up business — this shows the shape of the report you get every month, not anybody's real numbers.

LEADS, WEEK BY WEEK

THIS MONTH VS LAST

In plain words: about **one in nine** people who found your site tried to get hold of you — up from one in thirteen last month, so the same traffic is turning into more work. Your best week was the last one. Those fifteen are the ones worth chasing; the 137 is simply how many people arrived.

UPDATES THIS MONTH

Your two new photos are up, hours updated for the holiday weekend, and the line you asked about on the 9th is fixed. All live the same day you asked.

Thanks,
Enoch

TO CHANGE ANYTHING

Send a text any time — hours, prices, a new service, an offer you want running. It goes live the same day.

What this report will never contain: a number that cannot be backed up, or work that was not done. A quiet month is reported as a quiet month.
