## Your website — what you get

Everything below in plain English, so there are no surprises. Nothing here is a contract and there is nothing to sign.

### TODAY, ONE TIME

**\$350**

\$300 to build the website · \$50 for the first month

### THEN, EVERY MONTH

**\$50**

Month to month. Cancel any time, no notice, no fee.

## THE \$300 BUILD — YOURS TO KEEP

- ✓ **A website built for a phone first**, because that is where nearly everyone will see it
- ✓ **English and Spanish**, with a button to switch between them
- ✓ **Tap to call and tap to email** — one press and they are ringing you
- ✓ **A quote form** that sends straight to your inbox with their name, phone, town and what they need
- ✓ **Your own name on the internet** — yourname.com, registered in your name
- ✓ **Everything checked** against what you have published. Nothing invented

## THE \$50 A MONTH — TWO THINGS

- ✓ **Changes, live the same day you ask.** Hours, prices, a new service, photos, an offer — text me and it is done that day, as often as you like
- ✓ **A short note at the end of every month** telling you **how many people tapped your phone number** and how many sent a quote request. One page, plain English
- ✓ **Hosting and the technical side**, handled. You never think about it

**Why the monthly note matters:** most people selling websites cannot tell you whether the thing is working. You will know — and if a month is quiet, the note says so.

### THE DOMAIN NAME — IN YOUR NAME, NOT MINE

About **\$13 a year**, on **your** card, in **your** name. You own it outright — if you ever move the website or stop working with me, the name goes with you. **Hosting is free** and included, not a bill.

## NOT INCLUDED

- Paid advertising or Google Ads
- Social media posting
- A booking or payment system
- Stock photographs

## IF YOU STOP THE MONTHLY

- **The website stays up and stays yours.** It keeps working and costs nothing
- Changes stop being included — they become a one-off price when you want one
- The monthly note stops
- You can start again later. Just say the word
